## Superintendent's Highlights

The implementation of Core Knowledge Curriculum begins with a week long Preschool – 8<sup>th</sup> grade teacher training session in June of 2001. The commitment to Core Knowledge by the Board of Trustees, parents, and staff is expected to have a positive impact on student performance.

The 2001-2002 school calendar in the Meadows Valley School District was changed to implement a one-hour common planning time each workday for certificated staff. Teachers and administrators are of the opinion that a common planning time will enable teachers to more effectively plan for instruction and monitor student performance.

In response to the Board of Trustees desire to raise math scores teachers implemented new teaching strategies and began using data to assess student progress. A concentrated effort was made to involve parents in monitoring student performance.

## Progress Towards Meeting District Goals
